

# QUALITY POLICY

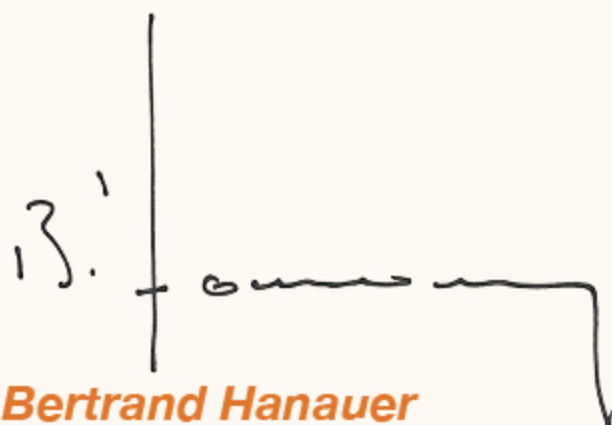

*Transinvest Construction Ltd is a major player in the construction industry in Mauritius. At Transinvest, Quality is first about the trust in our services and our brand. We pride in delivering high value products and services to meet the expectations of our customers.*

To demonstrate our commitment to quality, we undertake to establish and maintain a Quality Management System certified against the ISO 9001:2015 standard. In support of this initiative, we will ensure that:

- ✧ We meet the expectations of our customers and identified relevant parties
- ✧ We use a risk based approach to address the requirements of our business
- ✧ We give our people the right information, advice and training so they know their responsibilities and are competent to work
- ✧ We challenge existing practices and set objectives against which our performance can be measured to identify opportunities for enhancing customer satisfaction
- ✧ We provide sufficient resources to implement this policy

This Policy and our Quality Management System will be regularly evaluated to ensure its suitability and adequacy to create a basis for innovation and continual improvement.

We will ensure that this Quality Policy is understood and implemented at all levels of Transinvest Construction Ltd.
